

Papertrail is a social entrepreneurship that focuses on empowering women and providing them with a living wage. We do so by harnessing their skill sets to produce a vast range of paper products from the humble newspaper bag to trendy and boxes and packaging. Begun in 2008 with a handful of women in Kochi, Kerala, we now work with women in shelter homes, jails, orphanages, care homes etc. all over India. Over the years, we have developed an exhaustive range of gorgeous hand-crafted products, and are always looking for new challenges
